

Windows 8™ FAQ

Keywords / Key Phrases: about Windows 8, Windows 8 drivers, questions, windows 8 system requirements, Windows 8 driver support, FAQ

1. What can I expect from Creative now that Windows 8 is already available?

Creative is working constantly on updates for Windows 8 users who are using Creative products. These updates will be delivered from time to time on our website. The drivers are currently listed, for convenience at [SID61105: Windows 8 Driver Compatibility](#)

You can also get the downloads and their complete details by clicking **Downloads** under Quick Links at the right side of this page.

2. Is Windows 8 a 32-bit or 64-bit operating system?

The Windows 8™ is available in both 32-bit and 64-bit versions. Namely, there are Windows 8, Windows 8 Pro and Windows 8 Enterprise.

3. What are the Windows 8 System Requirements?

The minimum hardware recommendations are as follow:

- **Processor:** 1 gigahertz (GHz) or faster with support for PAE, NX and SSE2
- **RAM:** 1 gigabyte (GB) (32-bit) or 2 GB (64-bit)
- **Hard disk space:** 16 GB (32-bit) or 20 GB (64-bit)
- **Graphics card:** Microsoft DirectX 9 graphics device with WDDM driver

For additional requirements needed to use certain features, please refer to <http://windows.microsoft.com/en-us/windows-8/system-requirements>.

There is also an **Upgrade Assistant** that you can download from Microsoft to check if your current computer is able to run Windows 8.
