

## MIDI Settings in MediaSource 5 under Windows Vista

Keywords / Key Phrases: MIDI, MediaSource 5, setting, MIDI output device

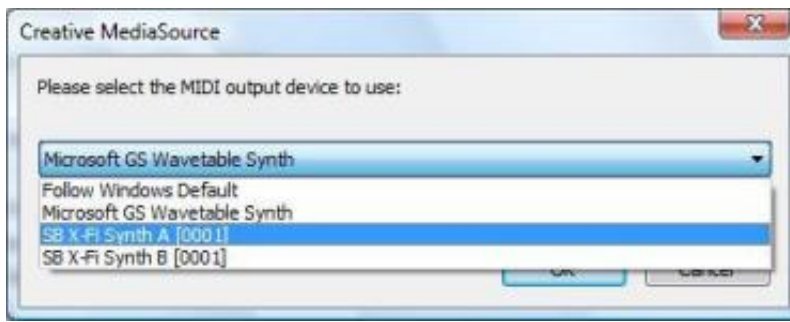

### Summary:

- ✓ Instructions for configuring MIDI in Windows Vista.
- ✓ You need to install a version of [MediaSource 5.10.38](#) or [MediaSource 5.20.23](#) in order to access MIDI settings under Windows Vista which can be downloaded from our website.

1. Open MediaSource 5 player. Click **Tools** -> **Settings**
2. Select the **General** tab and click **Change** which can be found in the **MIDI Music Playback Device** section as seen below:

3. Now select your preferred MIDI output device.

4. Click OK to validate your choice.
