Legend:

* - Schedule of release is subject to change.

Notes:

Products that have no schedule of release means that the current driver/CD/application is already working with Windows 8.1.

Creative Bluetooth speakers do not need any driver to operate. You may need to update the Bluetooth driver of your computer's built-in Bluetooth adapter or your USB dongle. To determine whether your computer or USB dongle is updated with the latest Bluetooth driver, please refer to their user's guide or website for information.
